A Captain Scarlet Calendar for 2014

"Animals are, like us, endangered species on an endangered planet, and we are the ones who are endangering them, it, and ourselves. They are innocent sufferers in a hell of our making."

Jeffrey Moussaieff Masson & Susan McCarthy

Foreword from Colonel White

We tend to forget that this planet is not only ours alone. We share it with other beings as well, who are as much in danger as we are because of the terrible threat we Humans have foolishly brought on all of us. The Mysterons threaten ALL life on Earth, including that of innocent animals. And so, it is our responsibility to see that our furry, feathered and scaly friends are safe from them as well.

For this year's edition of our calendar, the brave men and women of Spectrum have decided to pay tribute to representatives of the animal kingdom, by posing with the faithful companions who share their lives, and who are blissfully unaware of the danger hanging over their heads and of the fight we are engaged in against the Mysterons.
